OFFICIAL COMMUNICATIONS.

The following communication from His Honor the Mayor was presented, received and referred to the Committee on Laws and Ordinances:—

Mayor's Office, City Hall,

Jersey City, N. J., May 16, 1898.

To the Honorable Board of Aldermen:—

Gentlemen—I herewith most respectfully call your attention to the following letter:—

October 25, 1897.

To the Honorable Board of Aldermen:—

Gentlemen—I would most respectfully call your attention to the Building Inspector's office. This office, in my judgment, should be a self-sustaining one and not merely as now, an ornamental and salary-drawing one. The ordinance creating the same and defining the duties connected therewith may have answered the purpose once upon a time, but at present it is insufficient for a city like ours. A well defined building law and rules and regulations for the erection of and altering of buildings should be adopted at once; a certain fee should be charged for the necessary permit, $10 at least for every new building and $5 for alterations. A thorough record should be kept in the office of the Inspector and a sworn statement required from the owner and architect as to the cost of any building, new or altered.

This would also furnish valuable information to the tax assessors and aid us in a measure to make fair and honest assessments. I have obtained from our sister City of Hoboken a manual of rules and by-laws governing the office of Building Inspector and to which I would most respectfully refer you. I would further state that a revenue obtained in this way would undoubtedly leave a balance, expenses having been deducted, which might be used as a fund for the benefit of the city's deserving poor or night schools.

As I deem this matter for the best interests of our city government, I earnestly urge you to consider the same at once.

Respectfully submitted,

(Signed) EDWARD HOOS,
Mayor.

It seems that your Honorable Board has as yet taken no action in this matter, which I consider of great importance, and I trust you will immediately take some steps in line with these suggestions.

Yours respectfully,

EDWARD HOOS,
Mayor.

The City Clerk presented the following communication and the same was received and ordered filed.

OFFICERS' COMMUNICATIONS.

The following communication from His Honor the Mayor, filed in the City Clerk's office, August 11, 1898, was presented, read and ordered to be printed in full in the minutes, and laid upon the table:—

Executive Department, Mayor's Office,
City Hall, Jersey City, N. J.,

Aug. 11, 1898.

Honorable Board of Aldermen:—

Gentlemen—I herewith return to your Honorable Board, without my approval, an ordinance supplementary to an ordinance entitled, "An ordinance to provide for the appointment and government of an Inspector of Scales, Weights and Measures and to prescribe his duties and compensation and to enforce the keeping and using of just weights and measures," passed April 15, 1890. I disapprove of this supplementary ordinance which was passed at the meeting held August 2, 1898, and presented to me for approval on August 3, 1898, for the following reasons: The Merchants' Protective Association in a body, and the merchants in general, have demonstrated to me—and I believe their arguments are well founded—that this proposed ordinance is a measure not conducive to the business interests of this city; it establishes the fee system which the merchants, under existing circumstances, claim is a burden to them, and it does not seem equitable to me when it is considered that they are now paying personal taxes on their goods in trade, and often called upon to contribute towards charitable and social events, that a fee should be charged. These facts, when taken in connection with the strong competition with the large New York department stores, convince me that it would be unjust to further burden local merchants. Nobody should, and nobody will, object to the examination of weights, scales and measures, but as this inspec-

tion is for the benefit of the general public, it should be paid for by the city.

If the old ordinance does not give sufficient power to the Inspector to successfully execute his duties, then it should be amended in such a way as to secure the desired results. By inquiry I find that the city of Greater New York adopted an ordinance which was approved by its Mayor on May 31, 1898 (I inclose copy), under which the Inspectors, I learn, are paid salaries by the city raised by general taxation, which method seems to me to be the only fair one. Jersey City must encourage merchants to locate here, and to tax them more than in the large municipality across the river seems to me to be contrary to the best interests of the city.

Respectfully submitted,
EDWARD HOOS, Mayor.

The following communication from the Chief of Police was presented, read, received and referred to the Committee on Excise:—

Chief's Office, Police Department,
Jersey City, N. J., Sept. 6, 1898.

Hon. Board of Aldermen:—

Gentlemen—Captain McKaig, of Fourth Precinct, complains to me that Charles W. West, a licensed saloonkeeper, at 235½ Van Horn street, is an unfit person to keep a saloon, in that he permits disorderly people to assemble there and makes so much noise that the people in the vicinity of the said saloon are constantly complaining to the police for an abatement of the nuisance. Captain McKaig further alleges that fights have occurred in West's saloon and people badly beaten. Should you desire to inquire into the fitness of this man to conduct such a place, Captain McKaig tells me he can furnish citizens to testify on the subject.

Very respectfully,
Your obedient servant,
BENJ. MURPHY,
Chief of Police.

The City Clerk laid before the Board the following communication from His Honor the Mayor, filed in the City Clerk's office on the 6th inst. and 10th inst., respectively, and the same were read, received, laid upon the table and ordered to be entered on the minutes:—

Mayor's Office,
Jersey City, N. J., Dec. 6, 1898.

Honorable Board of Aldermen:—

Gentlemen—I herewith return to your Honorable Board without my approval, "An ordinance supplementary to an ordinance, entitled 'An ordinance to provide for the appointment and government of an Inspector of Scales, Weights and Measures, and to prescribe his duties and compensation, and to enforce the keeping and using of just weights and measures, passed April 15, 1890,' passed November 29, 1898," and presented to me for my approval November 30, 1898. I have taken this action for the reason that the ordinance as drawn does not overcome the main objection as pointed out by my veto of a similar ordinance some time ago. This ordinance established the fee system. I believe that inasmuch as the general public receives the benefit of the inspection of scales, weights and measures, the expense of such inspection should be borne by the city.

Respectfully submitted,
EDWARD HOOS,
Mayor.

OFFICERS' COMMUNICATIONS.

The following communication from His Honor the Mayor, accompanied by a protest from Smith Horton and others, residents and property owners in the immediate vicinity of the proposed erection, referred to in the aforesaid communication, was presented, received and laid upon the table:—

Jersey City, N. J., Jan 7, 1899.

Honorable Board of Aldermen:—

Gentlemen—I herewith return to your Honorable Board, without my approval, a resolution passed at your meeting of December 27, 1898, and presented to me for my approval December 31, 1898, and of which the enclosed is a certified copy: I have taken this action for the following reasons:—

This resolution, as I am informed, if carried into effect, contemplates the erection of a stable. Furthermore, this stable is not intended merely for private use, to which there could be no serious objection, but is intended as a public stable and place for the storage of wagons. I consider a building of this character in a strictly private residential neighborhood, and that in the heart of the city, a serious detriment to surrounding property. Fires are very apt to break out in such stables and people living in houses adjoining would fear, night and day, for the safety of their lives and property. In addition to these vital objections, the natural, constant taking out and in of wagons, with the attendant noise, would prove a ceaseless source of annoyance to people living in the immediate vicinity. Moreover, a number of property owners have filed a protest against the granting of the permit for said building, and as their objections are well founded, I feel it my duty to recognize the same and must withhold my approval from this resolution.

Respectfully submitted,

EDWARD HOOS, Mayor.

P. S.—Enclosed find copy of protest.

Jersey City, April 17, 1899.

To the Honorable Board of Aldermen of Jersey City:—

Gentlemen—In the matter of application for the return of money paid by Peter H. Mulry for a license to sell liquor, I have to advise that your Board is without power to order a return of any portion of the fee paid by him. After obtaining a license he was convicted of keeping a disorderly house, and sentenced to imprisonment. The fact that he cannot continue to use the license is because of his own fault, and creates no claim against the city. I have further to advise you that whenever a licensee ceases to use his license before its expiration, he is not entitled to demand a return of any portion of the fee paid by him. Applicants ask the city to license them for a year; license is granted. If they do not desire to use it there is not any statute under which any portion of the fee paid can be returned.

Respectfully,

ALLAN L. M'DERMOTT,
Corporation Counsel.

The resignation of Martin F. Foley as a constable from the First ward of Jersey City, was presented, received and ordered filed.
